PRESIDENT JULIAN A. MCPHEE

With the theme "A Tribute to Cal Poly," this year's El Rodeo is focusing attention on the student aspect of college. I find this most appropriate because at Cal Poly the student is the college. All else is secondary to the student's educational preparation.

Some institutions of learning seem to have reasons for placing the student second to other things but at Cal Poly the student is the heart and soul of the college.

This is not a new concept at Cal Poly for in my 28 years at the helm of this occupationally-oriented college I have never wavered from the belief that all elements of a college organization should exist for only one purpose: the student. The Cal Poly record of success should convince others that this belief is now a proved working philosophy that guides the college.

When I pay tribute to the college's men and women who have helped to formulate this proved concept and who have diligently translated the college's offerings to young minds, I do so with earnest hope that the Cal Poly of the future will not dilute or divert our mainstream of learning.

In the years ahead, Cal Poly can succeed only if it has been provided a permanent foundation. I feel confident that whatever greatness we can now proclaim, its future will be even greater.

LAS VEGAS NIGHT

The honky-tonk atmosphere of Nevada's gambling casinos was shared by many students during the annual Las Vegas Night. The Prohibition Era was the theme of this year's big gambling event. Flirting flappers lured the slick gamblers to the tables to try their luck at breaking the house. A surprise raid by Security Officers netted the faculty's big gambler, Philip Bromley, and several of the curvaceous dancing girls.

FROSH-SOPH BRAWL

Poly's annual Frosh-Soph Brawl, probably our oldest tradition, was again a highlight of fall-quarter activities. Ten events featured special competition for men, women, and couples. The sophomores exhibited quality of performance and the freshmen showed strength of numbers. The juniors organized it, the seniors judged it, the freshmen won it and the sophomores pointed the "P."

AG. ED. CLUB

Beta Beta Beta (Tri Beta for short) is an honor society for the students of the biological sciences and related fields. With membership based on grade point average, the group exists to stimulate sound scholarship, to promote the dissemination of scientific truths, and to encourage the investigation of life sciences.

Tri Beta has a wide range of activities which include: the maintenance of Poly Canyon, including caring for the trails, and the marking of trees, shrubs and plants; an annual banquet; an outing to the Botanical Gardens; and various lectures from faculty members and guests in the biological fields.

ADVISORS—Row 1, left to right: Dr. Buchert, Dr. Noble. Row 2: Dr. Thurmond, Mr. Montgomery, Mr. Applegarth.

The Agriculture Education Club is designed to help develop good agriculture teachers, good FFA advisors, and to provide fellowship for Ag Ed majors.

The club meets monthly and carries out a full and varied schedule of activities. It assists the State Bureau of Agriculture Education in conducting the state-wide FFA judging contests and cooperates with the Cal Poly young farmers in carrying out the Adult Livestock Judging Contest during Poly Royal. The Ag Ed Club also sponsors a Degree Ceremony Team, an Exhibits Banquet, and an Alumni Barbecue.

ALPHA ZETA

The objectives of Alpha Zeta are four-fold: to foster high standards of scholarship, character, leadership, and a spirit of fellowship among all its members; to strive for breadth of vision, unity of action, and the accomplishment of ideals; to render service to the students, the agricultural division, the staff of Cal Poly; and to promote the profession of agriculture.

The members of Alpha Zeta strive to obtain these objectives through their yearly program which includes publication of the Herd Book, sorting the alumni news letter in preparation for mailing, and other activities.

After graduation, the members of Alpha Zeta continue their objectives but on a larger scale. They strive to improve the agricultural standards of the nation and the world by promoting the profession of agriculture.

Officers for the year were: James Peterson, Censor; Frank Dickson, Chancellor; Gary Taylor, Treasurer; Natale Dellavalle, Scribe; John Kellner, Herd Book Editor; Roy Wildung, Herd Book Sales,

The Agriculture Business Club is made up of students who are preparing primarily for careers in the many farm-related businesses and government agencies serving the farmer. The Ag Business Club has as its primary purposes the development of fellowship, scholarship and occupational opportunities in the field of Ag Business Management.

The group was organized to meet changing and expanding opportunities in the farm-business fields. Its meetings feature films and speakers from the faculty and industry.

ADVISOR: Dr. Don Chose

The Soils Club is organized so that Soil Science majors can become better acquainted with each other and the faculty.

The club's meetings feature various speakers who outline advantages, opportunities, and developments in the soils field.

Highlight of the year was the annual spring banquet. Soils Club also fielded an intramural team, held a picnic, and took field trips to laboratories and farms.

OFFICERS — Row 1, left to right: Jim Peterson, Frank Dickson. Row 2: Gary Taylor, Natale Dellavalle, Wayne Hiatt, Roy Wildung.

All juniors and seniors in the Soil Science Department are eligible to join the Cal Poly Soil Conservation Society. The organization's purpose is to bring members together in good fellowship and to provide them with information about vocational opportunities in their field.

The group participates in land-judging contests, sponsors the state FFA land-judging contest, and publishes a newsletter. It cooperates with Soils Club in putting on displays and demonstrations for Poly Royal.

Los Lecheros Dairy Club, which has been active on campus for the past 22 years, has been affiliated for the past four years with the student branch of the American Dairy Science Association.

The main purposes of the club are to serve Cal Poly students in accordance with its governing document, to represent the college in an honorable manner, to provide unity within the dairy department, and to provide an opportunity for its members to express leadership and responsibility.

Los Lecheros sponsor a number of activities. Among them are an annual barbecue, all campus dairy products and dairy cattle judging contest, and purchasing milk to supply the milk machines on campus.

The highlight of the year is the club's annual banquet at which the club honors two outstanding persons from the dairy industry.

To help its members keep in contact with the air conditioning field is the main purpose of the Air Conditioning Club. The group is one of seven chapters of the American Society of Heating, Refrigerating, and Air Conditioning Engineers, located throughout the United States.

Mr. James McGrath is advisor to the Air Conditioning Club. Its many activities include: a tutoring lab to assist Air Conditioning majors, hosting returning graduates during Poly Royal, the sponsoring of popcorn and soft drink booths during the "Country Fair on a College Campus," and various field trips to Los Angeles and San Francisco to visit installations of interest.

Advisors: James McGrath, Norman Sharpe, Rodney Keif, James Hayes, Ted Graves.

INSTITUTE OF RADIO ENGINEERS

The Institute of Radio Engineers (IRE) is a worldwide, professional organization for electronic engineers, and scientists and engineers in allied fields.

Purposes of IRE are to promote the professional growth and advancement of its individual members, and to provide for the dissemination of knowledge and information especially regarding new advances in the field of electronic engineering and allied sciences. To fulfill these objectives, the Institute sponsors a number of conferences and meetings.

The Cal Poly branch of IRE is one of the largest and most active student branches in the United States, and has received many awards for outstanding performance.

The national IRE provides the Cal Poly chapter with numerous benefits and privileges. The organization makes available many important men in the field to speak at meetings.

Activities this year included eight technical meetings, a banquet which featured the president of the Western Electronic Manufacturers' Association as guest speaker, a field trip to the Hewlett-Packard Co. in Palo Alto, and participation in the annual IRE Student Day sponsored by the Los Angeles section of the organization.

The California State Polytechnic College Student Chapter of the American Institute of Architects has engaged in its 9th year of activity with unity and purpose.

Their major purpose lies in promoting professional fellowship, cooperation and spirit, and fostering an understanding of ideals of the present and future potential of the architectural profession.

Among the outstanding activities of the year were: Freshman Holiday and barbecue, architectural exhibits, speakers such as John Callister, Buckminster Fuller, Si Eisner, and Rafael Soriano, California Council of American Institute of Architects convention at Yosemite, Awards Banquet, Senior Good-Bye Banquet, Original Christmas Cards Sales, and the Poly Royal Display.

Poly's student chapter of the AIA is sponsored by the Santa Barbara Chapter of the American Institute of Architects.

AMERICAN ROCKET SOCIETY

Cal Poly's student chapter of the American Rocket Society, Inc. was started four years ago by a small group of enthusiastic amateur rocketeers. In September of 1959, the rapidly growing chapter received its charter from the national society. The purpose of the ARS is to advance knowledge in the fields of rockets, guided missiles, and space technology. To accomplish this, the local organization has an extensive program of professional speakers, motion pictures, interest group meetings, and tours. During the fall quarter, the ARS attended an invitational world premier of the motion picture "I Aim at the Stars."

AMERICAN SOCIETY OF TOOL AND MANUFACTURING ENGINEERING

The Cal Poly American Society of Tool and Manufacturing Engineering is a student chapter of the national organization, the largest society in the manufacturing industry.

Because of their participation, membership, and the high quality of their meetings, the Cal Poly student chapter is the outstanding student chapter in the nation. Its purpose is to further the profession of tool and manufacturing engineering, and to further this aim the group often has men from industry as speakers.

The Cal Poly chapter recently attended the 1960 western exposition and tool show exhibits which displayed the latest methods, tools and techniques in the profession.

TAU SIGMA

Students who rank in the upper third of the Engineering division are members of Tau Sigma. Tau Sigma is designed to bring good engineering students together, to encourage better engineering, and to encourage each member to make a new contribution to his particular field. The organization conducts an assistance program in the form of a tutoring lab and provides financial help, a \$250 scholarship, for an engineering student in need of such aid.

Activities of Tau Sigma include dinners and conducting an essay contest for high school students.

AMERICAN INSTITUTE OF ELECTRICAL ENGINEERING

Receiving its charter in 1955, Cal Poly's associated branch of the American Institute of Electrical Engineers (AIEE) is the local chapter of an international, incorporated association of over 5,500 electrical engineers and scientists, including students on 164 college campuses.

The main objectives of the Cal Poly branch are to provide opportunities for the students to participate in independent functions brought about by their own initiative to foster those qualities needed by the engineer, and to provide good fellowship in the department.

The principal activity of AIEE is sponsoring a student prize paper contest.

ADVISOR: Warren Anderson

MUSIC BOARD

The Music Board of Control is the governing body of Cal Poly's music department. Its main purpose is to foster cooperation and promote activities within the music department.

The music department is made up of Men's Glee, Band, Women's Glee, and the Collegians. A president, manager, and representative are chosen from each group to be on the Board.

A president, manager, and representative are chosen from each group to be on the Board.

The music department has many activities both on campus and off. Some of the events held this year were the annual music banquet, Paly Royal concert, home concert activities, and an awards banquet.

Board chairman this year was Jim Emerson. Advisor to the group was Mr. Dick Hall.

First row, left to right: Nancy Sissel, Peggy Whiting, Linda Stewart, Jim Emerson, Chairman; Kay Thorne, Eloine Monson. Second row: Jack Herbert, Ed Naylor, Chet Helt, Ron Murray, Vic Dollente, Chuck Stefanetti, Rich Andersen, Dick Hall, advisor.

CHESS CLUB

Chess Club, which got its start on campus during 1954, meets to wage the "Battle of the Checkmate" on-campus each noon hour. The club was organized for those who enjoy playing chess and for those who wished to learn to play.

During Easter vacation, the club participated in the California Intercollegiate Chess Tournament. This event has grown rapidly during the past few years as more and more schools have become interested in the game of chess.

The group also took part in tournaments at the California Men's Colony, the Paso Robles Chess Club, and Vandenberg Air Force Base.

Advisors: Lomond Woods and Lionel Middlecomp.

The Cal Poly Farm Center is part of the San Luis Obispo County Farm Bureau. Organized in 1957, the club limits its membership to Agriculture, Biological Science, Soil Science, and Home Economics students.

Purpose of the Cal Poly Farm Center is to acquaint the members with the services which are rendered by the Farm Bureau on the county, state, and national levels.

The Center holds barbecues, dances, and spaghetti feeds during the year. Various field trips are also taken by members. During the past year, the club tried to introduce new areas of employment possibilities to the members through the use of guest speakers, films, and printed literature.

Meetings of the Cal Poly Farm Center were held once a month.

First row (seated), left to right: Ron Murray, Vice President; George Tilley, President; Leland Johnson, Secretary. Second row (standing): Donn Johnson, Alumni Secretary; Al Pease, Corresponding Secretary.

BLUE KEY

The local chapter of Blue Key, a national honorary service fraternity, was organized on campus in 1952. The members were selected from the upper half of the junior and senior classmen. Other requirements for membership are a good activity record and a willingness to work for the good of the organization.

THE TURTLES, INC.

First row, left to right: Paul Swanson, Suzonne Dodd, Lourrie Perrin, Tom Stowe. Second row: Tim Quinn, Horry Blockman, Jim Moser, Dennis Riddle, C. W. Shoop. Third row: Tom Kenyon, Donny Elson. Fourth row: Chuck Johnson, Steve Williams.

The Cal Poly Roadster Club, known as the Turtles, was founded in 1950 to provide an organization which would serve the students of Cal Poly who are interested in the promotion and development of all phases of motoring. The club is now open to non-students and coeds. In 1959, three of the Poly Royal queen candidates were active members of the club.

The Turtles regularly sponsor reliability runs and "Poker" runs in which safety is stressed over competition. Each year at Poly Royal, a car show is put on which features the top custom and competition cars in the area. The big social function of the year is the spring steak barbecue. This year, for the first time, the Turtles sponsored a dance in the new men's gymnasium.

OFFICERS—First row, left to right: Suzonne Dodd, Treasurer; Paul Swanson, President; Lourrie Perrin, Secretary. Second row: Tom Stowe, Vice President.

OFFICERS—Charles Naretto, Membership Chairman; Patrick Weidman, Secretary; Phil Leckenby, President; Marshall McKinney, Y. Daird Imai, Treasurer.

Founded in 1946, the Mustang Flying Association attempts to foster and promote an interest in aviation by providing facilities through which members can receive instruction and experience in flying on an economical basis. The club includes both faculty and students.

This year, a new Cessna 120 was purchased with a complete instrument panel so that the Federal Aviation Authority requirements for private pilots' licenses could be met.

Advisor: Chet Bishop

OFFICERS—First row, left to right: Steve Rumpf, President; John Lackey, Sergeant-at-Arms; Roland Spengler, Secretary; Don Ferguson, Chaplain. Second row: Dennis Hail, Intramural Director; Jay Mitchell, SAC Representative; Mike Anderson, Publicity Chairman; Kenneth Lewis, Treasurer.

THE JUDGE'S HOUSE

To further the fellowship of male Cal Poly students is the main objective of the Judge's House.

Aside from offering room and board, the Judge's House provides many social activities for its members. Activities also provide a link between the members and the owner of the house through the House Committee.

Some of the group's many activities include house parties, dinner parties, staff beach parties, participation in Cal Poly intramurals, special exchange parties with girls' dorms, and monthly house meetings.

First row, left to right: Hiroshi Abiko, Ronald Daniels, John Lackey, Kenneth Lewis, Dave Rumpf, Nael Carr. COLLEGE

UNION

GEORNEL SPAIN
(College Union Program Board Chairman)

This year the College Union Program Board, through its eight subordinated committees, presented an exceptionally versatile social, recreational, and educational program for the students and staff at Cal Poly.

During the year the Board started several "firsts." Two new committees were formed: Fine Arts Committee and Spring Sing Committee. For the first time in College Union history, each committee had its own office in one of the old dorms converted for this purpose.

Under the guidance of Chairman Geornel Spain, the College Union Board sponsored such big all campus events as: dances with the Collegians Band, "Importance of Being Earnest," "Bud and Travis," T.C.U. Coconut Grove Night Club, the Spring Sing Contest, ping pong tournaments, "Las Vegas Night," and the Friday night films in the A.C. auditorium. During the year the College Union membership soared to over 100 students.

PROGRAM BOARD

This year's College Union Program Board members and officers were:

Goernel Spain — Board Chairman
 John McSwain — Vice-Chairman for Personnel
 Bruce Litchfield — Vice-Chairman for Public Relations
 Barry Karleskint — Board Treasurer
 Kathy Hamlett — Recording Secretary
 Carol Collopy — Corresponding Secretary
 Bill Hammatt — Games and Hobbies Committee Chairman
 Lonnie Allan — Drama Committee Chairman
 Al Weltz — Dance Committee Chairman
 Paul Rutter — Outings Committee Chairman
 John Ellis — Assembly-Films-Fine Arts Committee Chairman
 Dick Anderson — Social Committee Chairman
 Lee Paxton — T.C.U. Manager
 Mrs. Arlene Vokoun — College Union Advisor
 Dr. Arnold Dean — College Union Board Advisor

The committee promoted three big ping pong tournaments in the Fall, Winter, and Spring Quarters. Also, during the year it put on a pinochle tournament, badminton tournament, photo contest, flower arranging contest, and several other contests to stimulate the recreational, cultural, and social side of the student's campus life throughout the year.

THEY SHALL REMAIN

One cannot deny that in the Fall, a college's interests turn to the activities and efforts of its football team. Cal Poly is no exception, for through the years, many fine teams have been fielded, and Poly's reputation as a gridiron power among California's schools is well-known and respected.

This year, the pleasantries and festivities of the football season at Cal Poly were forever marred when word reached the campus on October 29 that a chartered airliner, carrying the Poly football team home from a Saturday afternoon game with Bowling Green State University, had crashed on takeoff at the Toledo, Ohio airport.

Sixteen members of the football team, the team manager and a local team booster were killed in the crash. Most surviving members of the team were injured. The college, and the nation, were shocked and saddened.

In a college yearbook, the section devoted to

FOREVER YOUNG

the football team and to the football season is usually filled with pictures of team action, highlights of season activities and reports of game results. But this year, we use these pages to record the names and pictures of those team members who lost their lives. They will always be a part of the history of this institution.

On other pages of the book, the El Rodeo staff felt its readers would still want to see its team and the individual players in action in the games played during the early part of the season. For that reason, we have included them.

We can ask ourselves many questions as to the "whys" and "hows" of life and its complexities, but we can arrive at very few answers and even fewer conclusions. One fact is definite, however, to all students, faculty members and friends of California State Polytechnic College: these men will never be forgotten.

J.V. FOOTBALL

Cal Poly's Junior Varsity Football squad prospered as this year's team rolled to four victories and two defeats.

Highlights of the season included the 12-7 upset of the highly touted UCLA frosh. Fresno was also a victim of the Colt bite. Poly intercepted seven passes and returned five for TD's in the 44-0 romp over Fresno.

Although marred by injuries the Colts always fielded a fighting squad that fought hard for the well earned victories.

VARSITY BASKETBALL

Head Coach Ed Jorgensen

Playing with one of the best teams that Cal Poly has fielded in some time proved to be only good enough for third place in the CCAA action this year as the league was also the strongest it has been in many seasons.

All-around strength throughout the league brought about the fierce battle for the championship, which was finally snagged by UCSB in the final stages of league competition.

Poly gave their best efforts in the quest for the crown but lost out in crucial road games as the San Diego Aztecs slipped past the locals in a well played contest. All in all it was a fine year for the Mustangs. They scored victories over the highly-touted LA State quint, Long Beach, Son Diego, and one of the best defensive teams of the nation, the University of San Francisco.

The Mustangs had a well-balanced team with a good bench to support the starters. With former CCAA star Theo Dunn returning after a service stint, the Mustangs were able to field one of the best rebounding and shooting squads in the league with Rally Rounsaville, Joe Rycrow, Jim Clark, Mol McCormick, Jerry Shackelford, and Dale Kuykendall all hitting in the double figures many times throughout the season.

High-scoring guard Rally Rounsoville lofts one over everyone and scores two more big markers for the green and gold. Rally was one of the top scorers with over 320 total points and a 14-plus average per game.

Mol McCormick looks amazed at George Scott's magic of making the ball remain in mid-air. Even the Pasadena roundballers don't know what to do in such a situation.

High scoring forward Bob Horwath scores two more points for the Colts. Bob was the leading scorer in most of the Colt victories.

J.V. BASKETBALL

A pair of ex-GI's led the 1960-61 Colts to a very exciting season of competition with many Junior College quintets and college freshman teams. Bob Horwath and Bob Wilmot, both with experience in Air Force basketball, provided the team with rebounding and also with scoring punch.

Also included in the starring roles were Ken Johnson, Tom Kelch, and Jim Deacon.

With this fine nucleus the Colts romped to impressive victories over Taft J.C., Reedly J.C., UCSB, and Coalinga. As the book went to press the squad sported a fine 7-3 won-loss record.

BOXING

1961

Coach Tom Lee

Boxing without the services of two previous All-Americans because of a conference ruling, Coach Tom Lee's 1961 squad was looking toward a very successful season. As we go to press the team has won four matches, two apiece against Fresno and Nevada, while losing to rugged squads from California and Stanford.

Freddie Martin and Walt Hailey, All-American performers in the past, were declared ineligible by the new conference and thus saw action only against Nevada, a non-conference foe.

Heading the list of league competitors was Bobby Gow, a 156-pounder, and previous PCI champ in 1957 at 147 pounds. Gow split two matches with Tolono of Nevada. Tolono was NCAA runner-up last season.

Also sporting fine records were "Cowboy" Clayton Oilar, Jerrold Gebbie, Frank Godinez, Bob Labelle, Bruce Mobus, Fred Minos, and Hilmer Weyler.

The squad was looking forward to the conference tournament at Chico in April. Coach Tom Lee looked to the tournament with high hopes, saying, "We have a good chance of winning."

Nevada pugilist throws a right hand that misses its mark. Cal Poly won this match and went on to defeat Nevada very handily.

Blood begins to show on the face of this Nevada entry in the big night of fighting staged by Tam Lee's crew.

Freddie Martin floors his opponent for the count. Under the new rules, Freddie was able to fight only a few fights, against non-conference foes only.

Are you okay? Do you still want to go on after that?

Who pulled the stool out of the way?

The 1961 Cal Poly wrestling squad: front row, left to right: Larry Owens, Jim Root, Frank Garcia, and Neil Pew. Back row: Herbert Holley, Bob Addington, John Lilles, and Bill Grohom.

After Coach Sheldon Hardin lost three outstanding wrestlers in the tragic plane crash, things looked mighty bleak for the team. But with the lightweight men pulling off some real nice pins against stronger opponents, Coach Hardin and his crew stood with a fine 11 win, 2 loss record.

Larry Owens, Jim Root, and Frank Garcia led the team with 12-1, 12-1, and 11-1 records, respectively. Also accounting for many victories were Neil Pew, John Lilles, Bill Graham, and Bob Addington.

Falling in the path of these grapplers were Stanford, 20-16, 18-16; Cal 14-12; UCLA 23-12; Chico State 17-11, 19-13; San Diego 23-10; Long Beach State 26-8; LA State 26-10; and UCSB 28-8, 28-8.

Oregon State drubbed the locals 29-3 and also San Jose State topped the Mustangs 17-11.

As we go to press, Coach Harden is looking toward the NCAA tourney at Corvallis, Oregon. He hopes to send three entries to the event.

With only two returning lettermen, Coach C. J. Hanks fielded a team against a tough CCAA slate, which saw San Diego heading for a National Championship. John Callen and Buddy Petty led the team throughout the season.

Coach Hanks scheduled 10 dual meets and two tournaments for the Mustangs of the fairway. The tournaments were the CCAA tournament in Los Angeles and the Southern California Intercollegiate tourney to be held at Palm Springs.

Warren Jones practices his drives before a match.

John Callen knows that good putting is essential.

SOCCER

For the first time since 1955, intercollegiate soccer returned to the Cal Poly campus.

Though inexperienced, the team proved to be spirited. They played only two contests, losing to San Jose State 3-2, and to West Coast defending champion University of San Francisco, 3-0.

Members of the soccer team were: B. Brown, J. Patino, F. Cubillas, J. Ayaka, E. Lopez, A. Avii, R. Sharafetdin, C. Jimenez.

The team was coached by Anatol Hellman.

Coach Bill Miller, Jeff Capell, Jim Wilson, Frank Brooks, P. Van Der Groot, and Chuck Rogers. Francis Bell not pictured.

Record-breaking feats by many members of the squad enabled them to have a 5 win, no loss record as we go to press. In the recent meet at Seattle, Coach Anderson entered five swimmers and they set nine records.

Jack Adams, Frank Brooks, Cortney Childs, Jim Wilson, and Francis Bell, have been leading the squad with their record-busting feats: relays, freestyles, distance swimming, and individual medleys. Bill Murr and Jeff Capell, freshmen, have also helped the squad tremendously.

TENNIS

Coach Ed Jorgensen's netters faced a tough schedule after having started the season with a 7-2 victory over Westmont.

Two standout players of last year were ineligible. One of them had to drop out of school due to an unfortunate auto accident. Mike Moore, the injured star, was number one man last year.

San Diego, Santo Barbro, and LA drew the nod as the teams to win at the season's opening but the Mustangs had different plans. Rowson Lloyd, George Spain, Don Lord, Tom Lingham, Siavosh Bahador, and Marshall Wright carried the hopes of the coach. Many freshmen were included on this year's team.

Following CCAA action the team entered the Ojai Tournament.

TRACK

Louis Rodriguez, one of the nation's best in the distance runs, turned in a school record of 4:22.7 in the mile.

Not enough depth hampered the 1961 Track squad this season, although the team was well stocked with fine individual performers.

Coach Walt Williamson felt that he had a National Champion in Tom Pagani in the hammer throw. Pagani was also expected to place in the shotput event at the Nationals in Philadelphia.

Louis Rodriguez turned in record-breaking performances in the mile and half-mile events. High-jumper Dennis Jones soared to a new school record of 6'7" and was expected to go even higher as the season progressed.

Pagani and Jones entered the Easter Relays at Santa Barbara and the two of them scored more points than any small college in attendance.

Facing the Mustangs on a tough schedule were UCLA, UCSB, Santo Clara Youth Village, and LA State. Coach Williamson was looking forward to a rugged season with only 14 squad members. He was confident that the squad could score as many firsts as any school but that they just didn't have the depth.

High-jumper Dennis Jones soared to a new school record of 6'7 1/4".

BASEBALL

Playing some of the toughest college competition, the 1961 Col Poly baseball team has compiled a six win and six loss record as we go to the presses. Coach William Hicks has scheduled his diamondmen to play quite a few games this year with the new conference ruling saying that league opponents shall play each other on consecutive days.

In tough non-league competition, the Mustangs met USC, rated the top college nine in the U.S. The Trojan power was too much for the Mustangs. Also, while in the southland, UCLA conquered the Mustangs but only after a hard-fought battle which saw Poly leading most of the game.

Good hitting and pitching have bolstered the squad so far but errors have been costly. Coach Hicks was well pleased with the showing so far but feels that the team can be much better with the needed experience.

The most impressive hitters so far have been Jerry Williams, Cameron Best, Noel Kawachi, Lyman Ashley, and team captain Jim Harper.

Dick Guerra, Bruce Anderson, Brad McFadden, Don Smallwood, Jim Owens, and Roy Scialabba have been the heart of the pitching core.

POLY ROYAL

8:00 P.M. — Reception honoring Poly Royal Queen Anne Miller.

1:00 P.M. — Parade welcoming "Firehouse Five Plus Two"

1:30 P.M. — Intercollegiate Rodeo and its steer riders.

Ride 'em cowboy!

Whor every rodeo needs . . . some fillies!

2:00 P.M. — Judging the beard growers.

3:00 P.M. — Poly Royal Mathematics Contest.

6:00 P.M. — Hit it once for me too!

Happy crowds gathering for the Paly Royal Carnival.

Make it an all-time splash.

Paly Royal Carnival

8:30 A.M. — This must be a cow college.

By golly, it is a cow college.

Ouch! That's cutting it a little close.

This sure was worth working for.

11:00 A.M. — It's a beautiful day for a concert on the lawn.

Lots of fun and lots of food.

1:00 P.M. — The queen overlooks her sea kingdom.

2:00 P.M. — Don't worry, we'll be finished in time.

This architecture display is great.

Technical Arts Exhibit

Arab Exhibit

R.O.T.C. Exhibit

That's better than the average!

Ornamental Horticulture Exhibit

Lots and lots of people.

10:00 P.M. — "And here comes the queen."

10:30 P.M. — Anne Miller is crowned.

William Saroyan's play, "The Beautiful People", was the choice of the College Union Drama Committee for its spring presentation. "The Beautiful People" is the tender and moving story of humanity itself, told with that warmth and kindness the world has come to regard as being the particular genius of Saroyan. The action is set entirely in the home of Jonah Webster in San Francisco's Sunset District. Here we meet old Jonah himself, half-charlatan, half-genius; his 18-year-old son, Owen, a poet who rhapsodizes on the beauty and profundity of single words such as "tree" or "is"; Agnes, his sister of 16, whose tender concern for mice causes Owen to style her their patron; and such diverse characters as Harmony Blueblossom, Don Hillboy, William Prim, and Father Hogan who are all refreshed and vivified by the unique quality of the Webster household. "The Beautiful People"—a study in the delights of humanity.

Owen demonstrates the effervescence of Webster home life as Harmony Blueblossom imperturbably knits (Act I).

Left: Jon Morrison puts the final dabs on Bill McBride's makeup. Right: Director Nielsen giving painters.

Construction of sets, under the direction of Murray Smirh, with a staff of expert student volunteers, occupied three weeks.

Dumfounded, Father Hogan and Hillboy listen as Owen explains his theories of poetry . . . each individual word carries a world of meaning within itself.

Left: Enscathed in the seat of honor, director Nielsen explains the ploy to his cost and crew. Right: Murray Smith, Leslie Guskie, Lonnie Allan, and Dove Harper hard at work on the embryonic set.

"Saint" Agnes and Owen look at the mouse he has found in the cathedral as Jonah watches in concern and Prim with the uncertainty of the initiate to the Webster world.
